

## Choose safety, choose Oliva

“Choose safety, choose Oliva” is the central idea behind the advertising campaign which aims to create a sense of security for both tourists and residents, attract visitors looking for safe beaches, and drive the city’s hospitality sector, hotels, and small businesses. There’s now an app with updated information on how many people are at the beach at different times of day, the restaurants and bars which are open, the nearest open shops to you, and your options for active tourism.
